

A proven formulation for **Antimicrobial**,

Alligar

A proven formulation for **Antimicrobial**,
Antibacterial, Antifungal & effective Immunomodulator

Digestive support :

It stimulates digestion and improve gut health, making it beneficial for nutrient absorption & feed efficiency.

Improved Growth and Feed Efficiency

Stress Reduction:

It helps reduce stress-related damage in birds, which can improve productivity, especially under environmental stress or during transportation

Immune Boosting:

Allicin supports the immune system, helping birds resist infections and diseases.

Calniga

Highly bioavailable &
Instantly functioning
combination of **calcium**

It's unabsorbed minerals in the bone

Supplementing calcium
is must for livestock

Instant Calcium. Stronger Bones. Better Eggs.
Fast Action Calcium Support

Zinc

Phosphorus

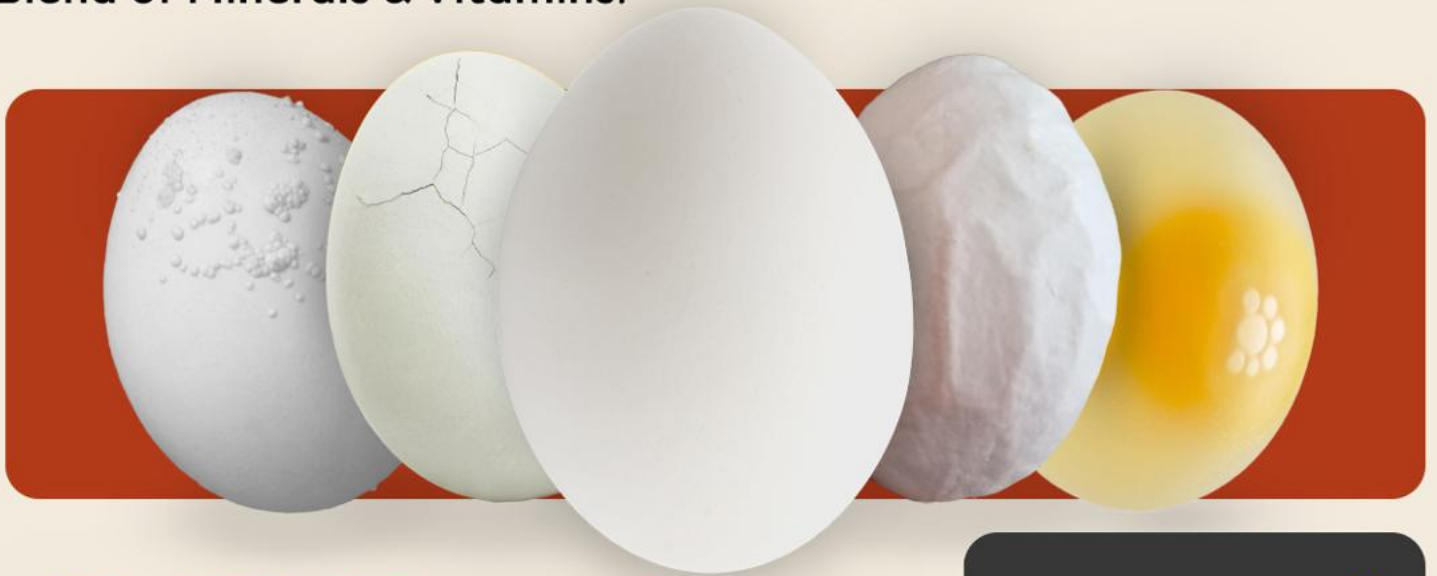

Cobalt

manganese

Stronger Shells, Healthier Birds

CHOCAL D₃ LIQUID

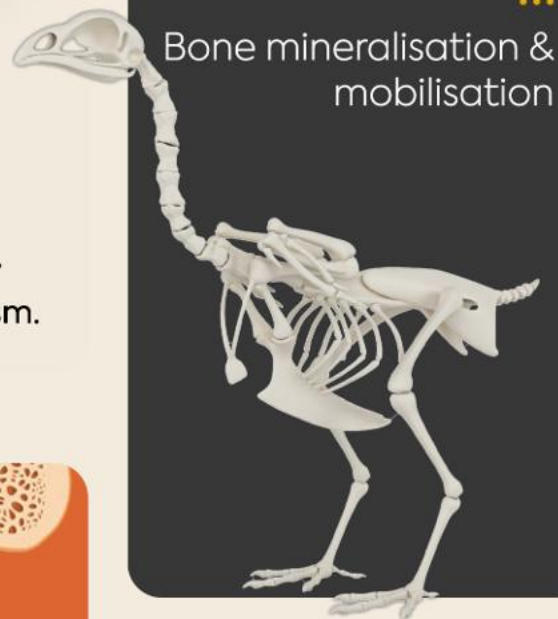

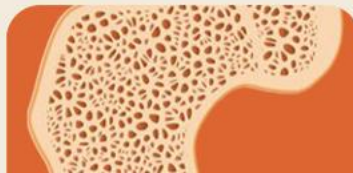

Calcium, pH stable D₃, Phosphorus releaser,
Blend of Minerals & Vitamins.

Why CHOCAL D₃ is your choice

- Maturity of immune system.
- Bone formation, Skeletal integrity.
- Cell formation, cell growth and differentiation.
- Support the formation of high quality egg shells.
- Calcium, Magnesium and Phosphorus metabolism.

Musculo-skeletal health
Strong legs and bones

...
Bone mineralisation &
mobilisation

CHOCAL D₃ POWDER

Calcium, pH stable D₃, Phosphorus releaser,
Blend of Minerals & Vitamins.

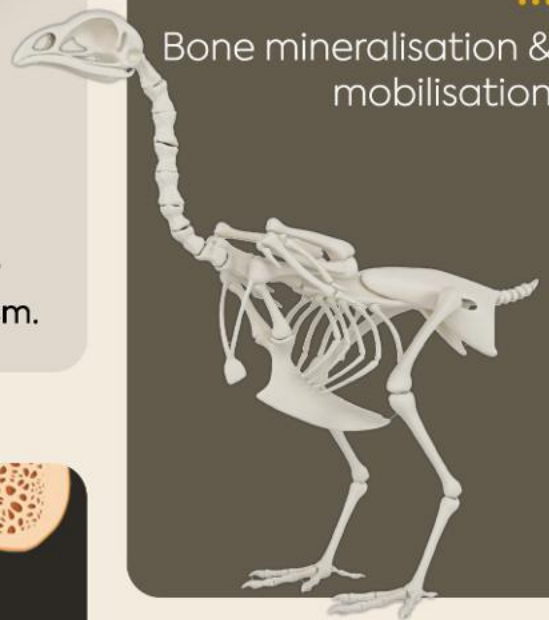

Why CHOCAL D₃ is your choice

- Maturity of immune system.
- Bone formation, Skeletal integrity.
- Cell formation, cell growth and differentiation.
- Support the formation of high quality egg shells.
- Calcium, Magnesium and Phosphorus metabolism.

Musculo-skeletal health
Strong legs and bones

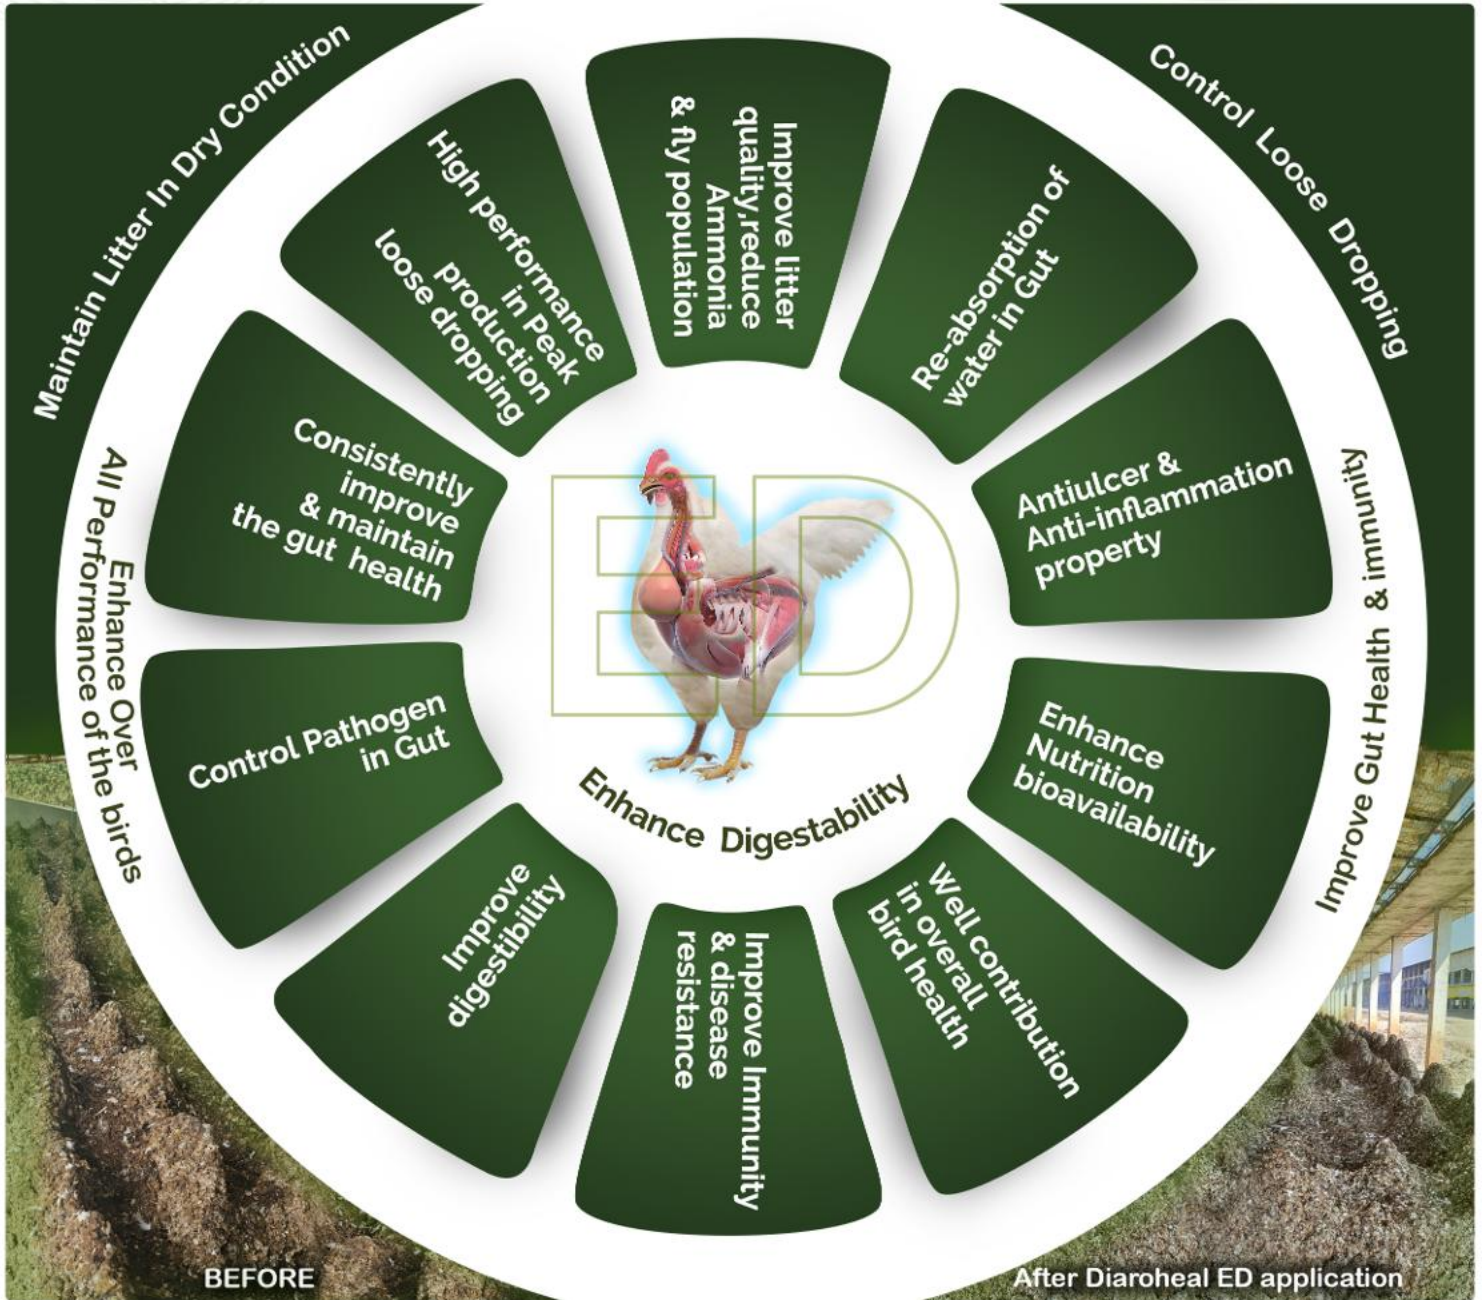

...
Bone mineralisation & mobilisation

Diaroheal ED

An Authentic Gut health & litter management

Electroplus

An enriched formulation to consistently reduce all type of stress & keep the birds healthy.

Electrolyte Booster for Poultry

Replenish lost minerals

Improve overall health
and well-being

Optimal Hydration

Support normal body functions

Freebreth - ALB

Instantly performing formulation for
Respiratory diseases

**Concentrated
High quality essential oils**

Regulates Body Temperature

Balances Body pH

Improves Oxygen Absorption

Supports Vocalization

Detoxifies
Harmful Chemicals

Nigrow

Synergistic Non Antibiotics **Growth Promoter**

Efficient Digestion
Disease Resistance

Gut Health
Fat Metabolism
Boosted Immunity

Enhanced Bodyweight

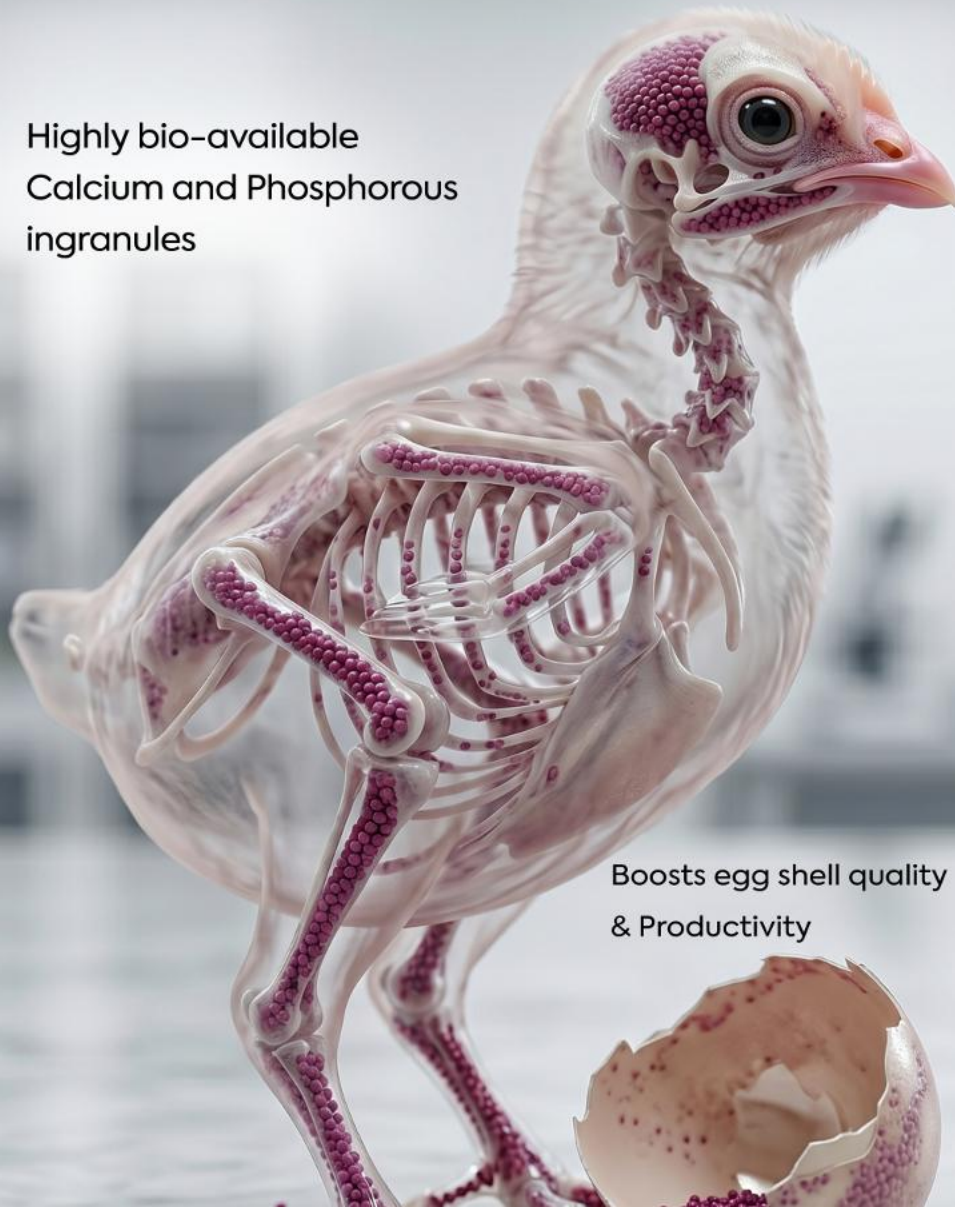

Increased Feed Intake
Improved Feed Conversion Ratio (FCR)

Gracical

A Instant Calcium Source For Poultry Birds

Highly bio-available
Calcium and Phosphorous
in granules

Boosts egg shell quality
& Productivity

Slow-release calcium &
Phosphorus granules

Prevents rickets &
Leg weakness

Enhances fertility &
Hatchability

Limox CP

Triple Defense: Gut Health, Toxin Binder, and Liver Protector for Optimal Health

Maintained Product Quality
Safety and Health
Improved Feed Efficiency

Enhanced Storage and Transportation
Prolonged Shelf Life
Reduces the production of toxicity

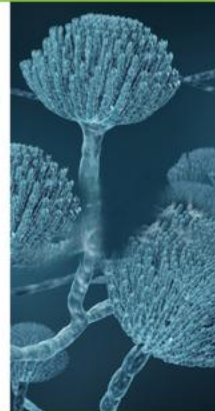

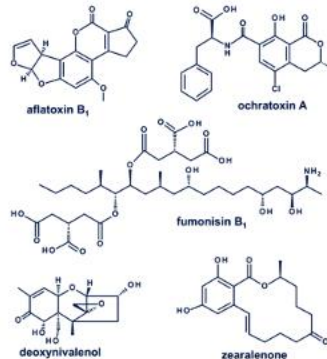

Protect liver and enhances liver function
Nutrition metabolism
Enhances immunity

Improves digestibility
Improves productivity
Overall health of the birds

Reduced Mycotoxin Absorption
Enhanced Immune Function
Enhanced Feed Safety and Quality
Increased Productivity

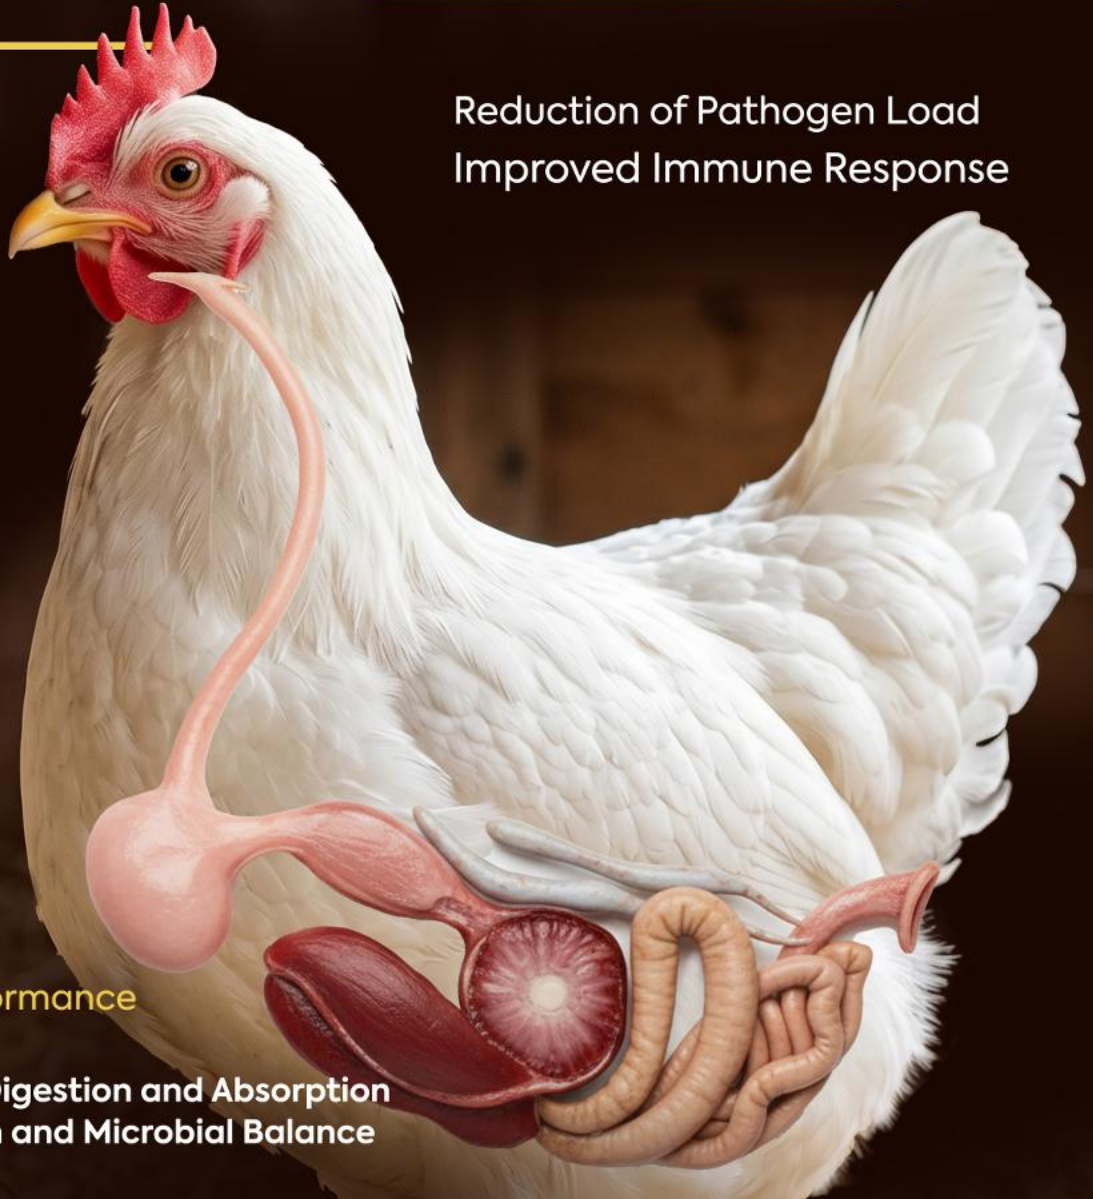

Improved Feed Conversion Ratio (FCR)
Decreased Mortality Rates
Support for Liver Function

Nigact-365

Gut health optimiser for **Better performance**

Reduction of Pathogen Load
Improved Immune Response

Better Growth Performance

Enhanced Nutrient Digestion and Absorption
Improved Gut Health and Microbial Balance

Choline chloride

Nigachol 60

Pure Choline chloride 60% for Superior Liver Health & Performance

Improves nutrient utilization

Supports rapid tissue development

Prevents fat accumulation

Improves egg production & hatchability
Avoids fatty liver & leg issues

Needed for acetylcholine synthesis

Nigacvit

A coalescence based

Vitamin C for optimum performance

Improves Growth

Enhance egg shell quality

Anti-inflammatory

Reduces mortality

Immune modulator

Anti-oxidant

Nigaliv - CP

Specially formulated
rapidly responding **Liver Tonic Powder**

Protects against mycotoxin liver damage
Prevents fatty liver disorders

Repair
Revive
Rejuvenate

Improves FCR, body weight & productivity
Optimizes liver & kidney function

Repairs and rejuvenates liver cells

Nigamold

The Extended and Long acting Mold Inhibitor for all Feeds

HIGHLIGHTS OF NIGAMOLD

- Inhibits wide range of moulds in the feed.
- Long term action.
- Non Corrosive and Safe to handle.
- Protects nutrient in the feed.
- Reduces the risk of Mycotoxin in the feed.

NIGATOX

A companion of Toxic Management

Specially treated Phyllosilicates

High Active Tectosilicates

Yeast cell wall derivatives

Activated carbon

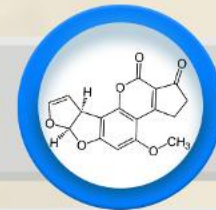

**Hydrated Sodium
Calcium Aluminosilicates**

Organic acids

**Phytogenic derivatives &
Probiotics**

NIGATOX

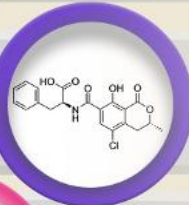

Aflatoxins

Chemical hazardous

Ochratoxins & Zearalenone

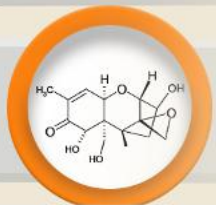

Pesticide Toxin

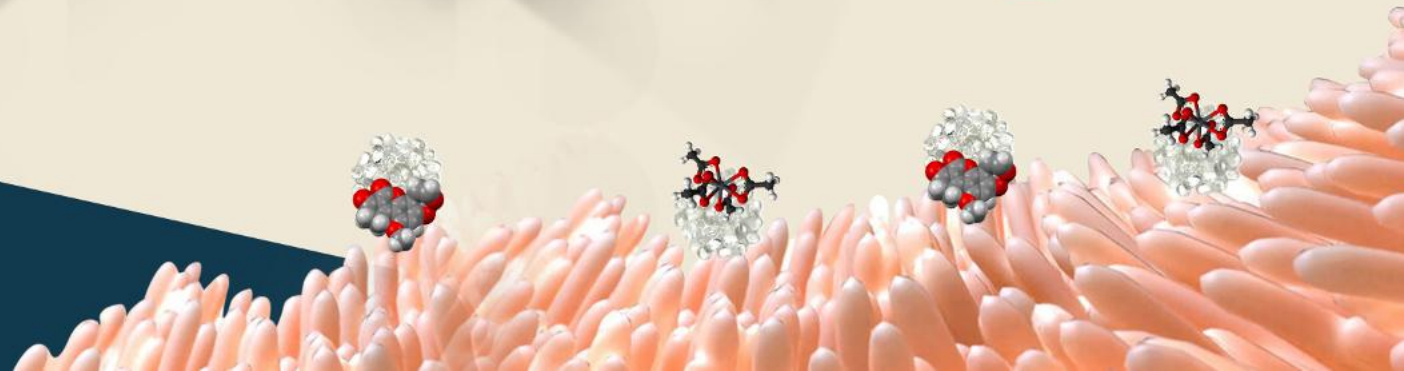

Bacterial Toxins

Deoxynivalenol & T-2 toxin

**Protect
Liver | Kidney | Gut**

Nigatox **FOCUS**

A companion of **Toxic Management**

Montmorillonite

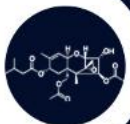

Aflatoxins

Hydrated Sodium Calcium
Aluminosilicates

Ochratoxin

Yeast Cell Wall derivatives

T-2 Toxin

Clinoptilolite

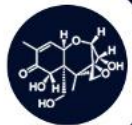

Zearalenone

Activated Charcoal
(Food-Grade)

Fumonisin

Enzymes & Probiotics

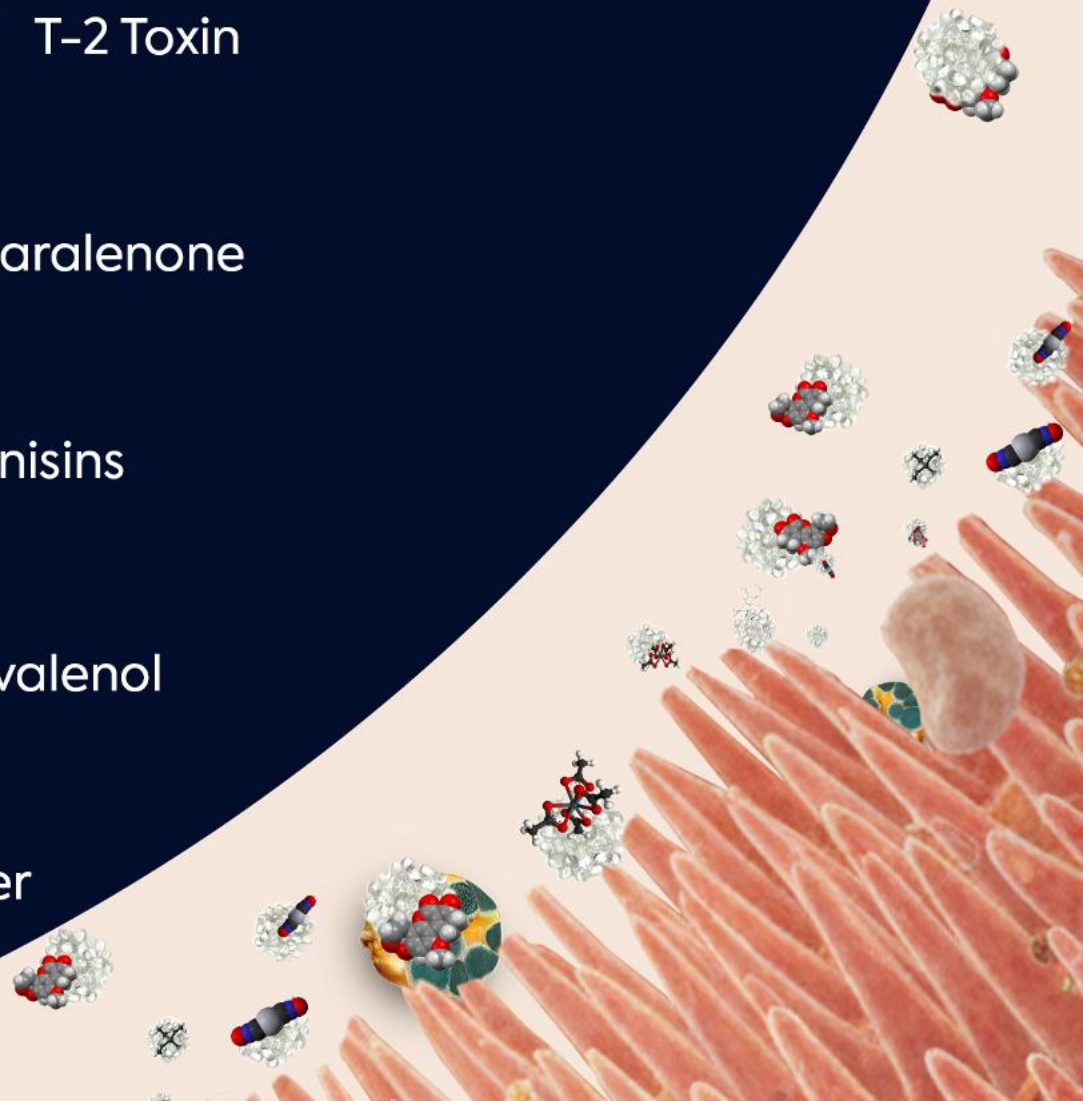

Deoxynivalenol

Organic Acids &
Phytogenic derivatives

Protect Liver

Nigaviro GTA

Unique Combination of

Dially Disulfide & Curcuminoids

Reduce viral infection

Excellent Antioxidant

Cytokine Regulation

Improve Gut health

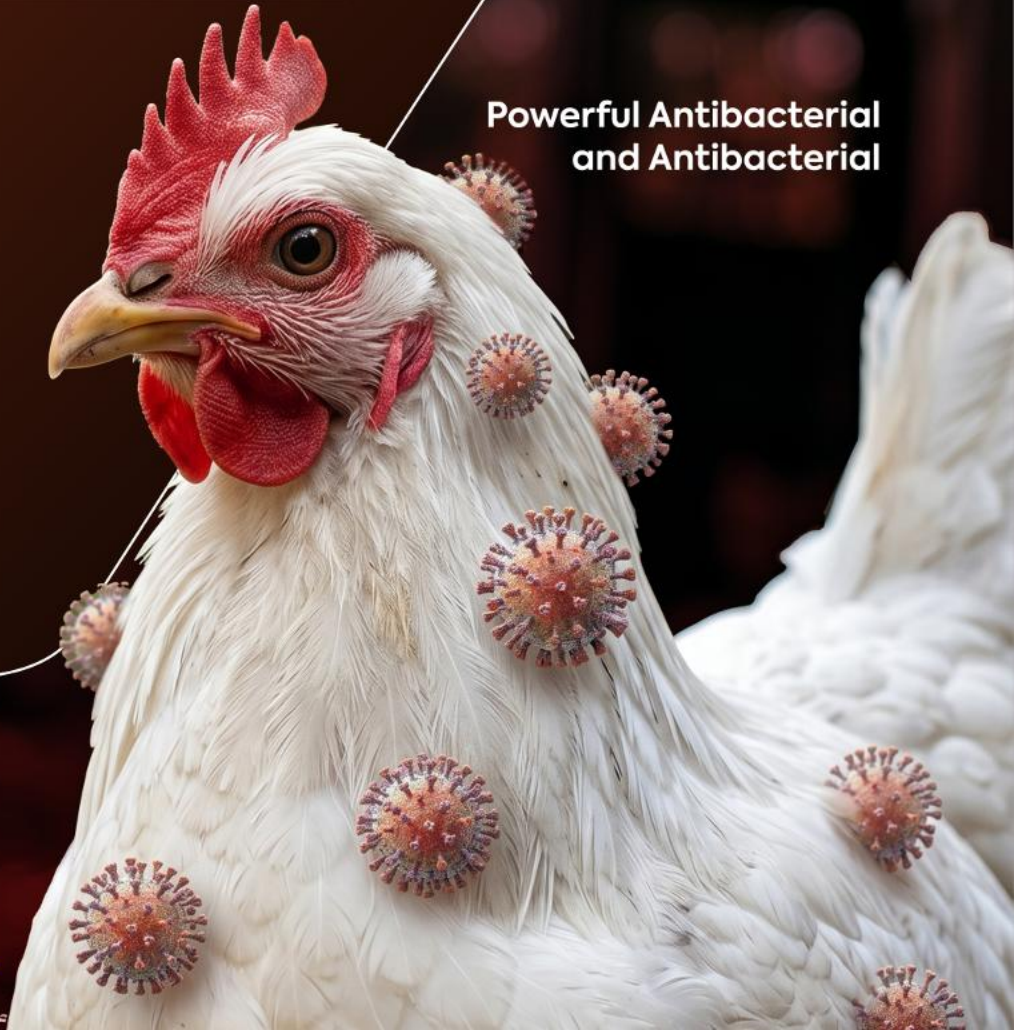

Improve mucosal immunity
Respiratory protection

Natural & Safe

Protect internal organs

Antiviral & Immune booster

Powerful Antibacterial
and Antibacterial

Nigazyme

A Special blend of **Enzymes & Probiotics**

Allows higher fiber inclusion in feed

Supports faster growth & higher body weight

Boosts energy bioavailability

Offers flexibility in feed formulation

Reduces fiber excretion and wet droppings

Improves egg production and shell thickness

IMPROVE GUT HEALTH

OVERALL PERFORMANCE

Proniga

Combination of **Prebiotics & Probiotics** for Poultry

SUPPORTS BETTER GROWTH
EGG PRODUCTION

STRENGTHENS IMMUNITY
MINIMIZES STRESS-RELATED ISSUES

REDUCES HARMFUL GUT BACTERIA

ENHANCES FEED CONVERSION RATIO (FCR)
IMPROVES DIGESTION AND NUTRIENT ABSORPTION

Selcopher

Optimum Growth
Antioxidant and Immunity management

Powerful antioxidant support
Reduces stress & improves activity

Supports better growth performance

Improves hatchability & fertility
Helps maintain healthy liver & muscles

Prevents Selenium & Vitamin E deficiency
Helps prevent Exudative Diathesis & Encephalomalacia

VITMIX

Vitamin AD3EK & H liquid

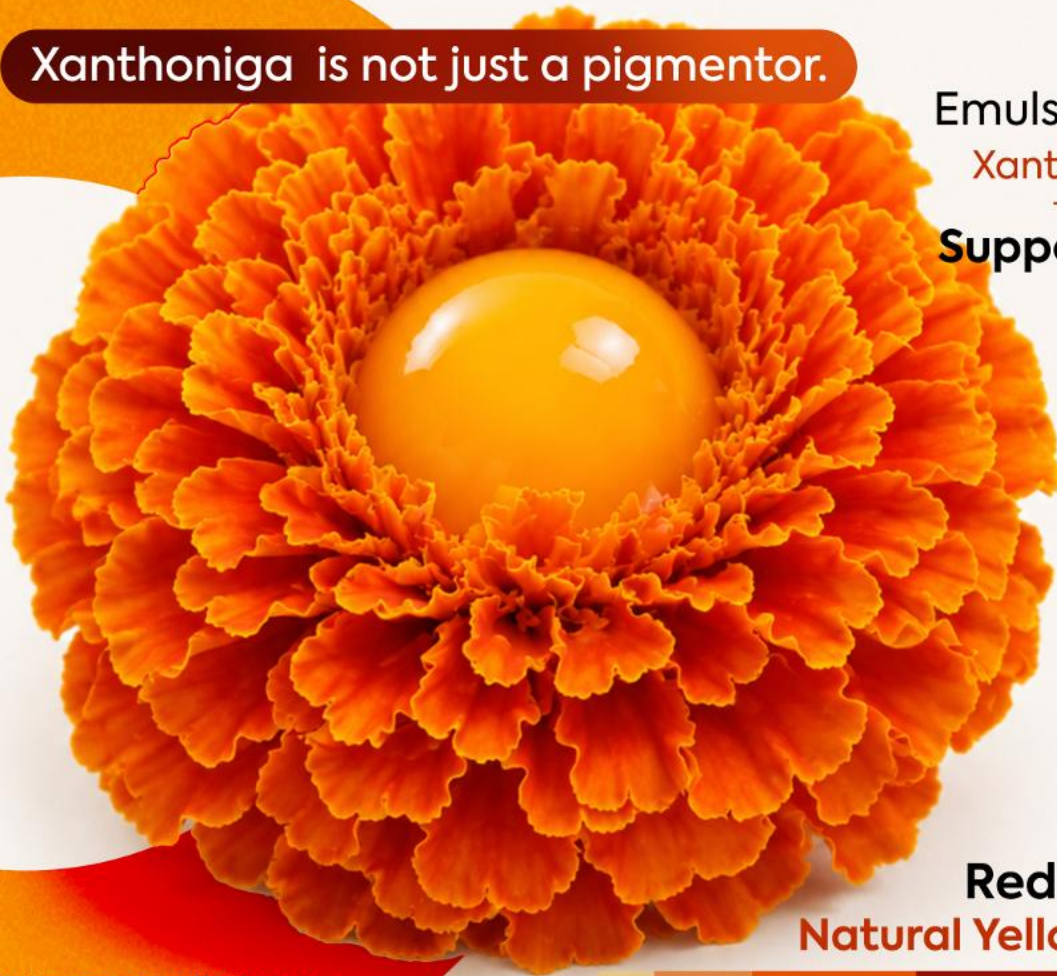

- **Essential nutrients for growth, development, and metabolism**
- **Support proper cell function and overall health**
- **Vitamins A, D, E & C boost immune system function**

-
- Help strengthen both innate and adaptive immunity
 - Deficiency can weaken disease resistance and performance

Xanthoniga

An authenticated **Natural Egg York** pigmentation optimizer

Xanthoniga is not just a pigmentor.

Emulsification boost
Xanthophyll utilization

Support liver Health

Support vaccinations

Reduce mortality
Natural Yellow Carotenoids

Manage all stress
Protect the Gut

Extracted from marigold flowers,
Eco-friendly & sustainable.
